Every year on September 5th, the nation observes Teachers' Day. On this day, students show their respect for and gratitude to their teachers. **Dr. Sarvepalli Radhakrishnan** India's second president is honoured on this day. The brilliant academic philosopher, one of the most renowned diplomats, researcher, Indian president, but most importantly, a teacher. His birthday has been commemorated as Teachers' Day as an homage to this outstanding educator.

A celebration held by our students in our department on September 5, 2022. Together with faculty co-coordinators, **Mr. Md. Zameeruddin** prepared the entire event. We came to the conclusion that students should be responsible for teaching as a way of showing their teachers how much they are appreciated. Indian culture dictates that we always begin with prayer 38 people in all took part in teacher appreciation day. The schedule that the students have created includes lecture and practical from 10:00 am to 2:00 pm. Students attended class to present lectures on the current semester's course material. As usual, our class began at 10:00 am on this particular day. When there were no lectures, all of the students acting as teachers were sat in the staff room. All of the other pupils who weren't participating were diligently studying without acting out or causing trouble. We wanted to show our appreciation for all ipated by providing them Pen.
